

# Contributor Information

# 1

Open project.

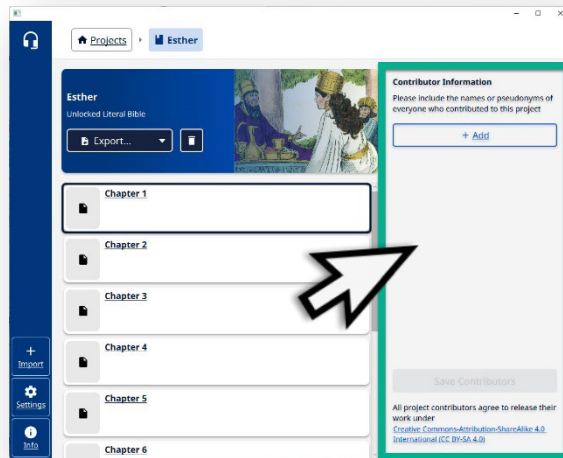

Click on the project book name.

# 2

Know who contributors are.

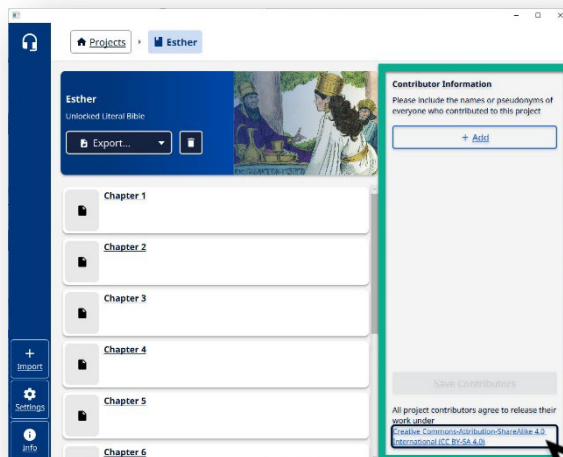

A contributor is anyone that participated in the translation work.

# 3

The contributor must agree to releasing their work.

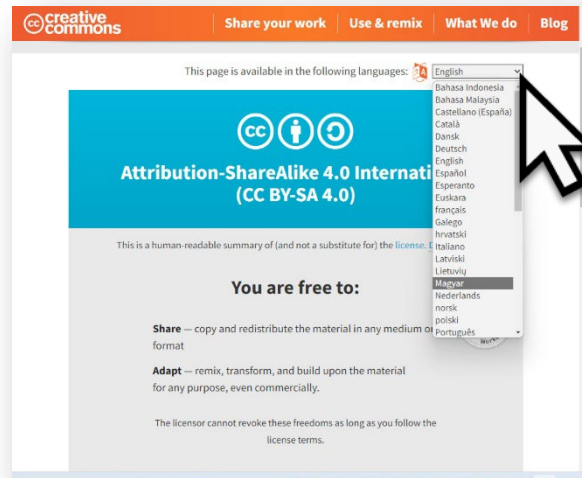

Click the link to the web page to learn more.

# 4

Learn about licensing.

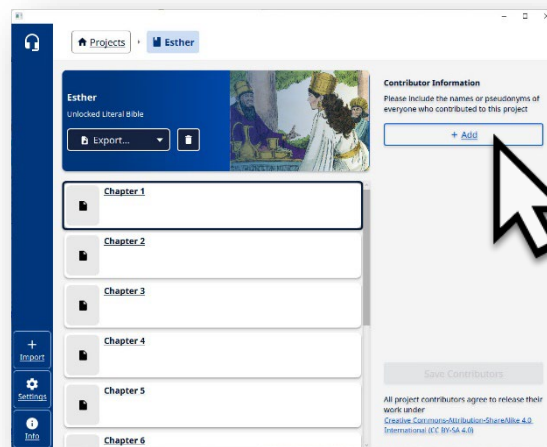

The page can display the information in many different languages.

# 5

Add Contributor.

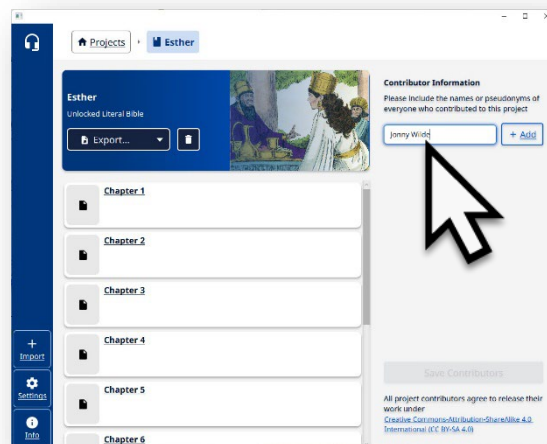

Click on +Add button.

# 6

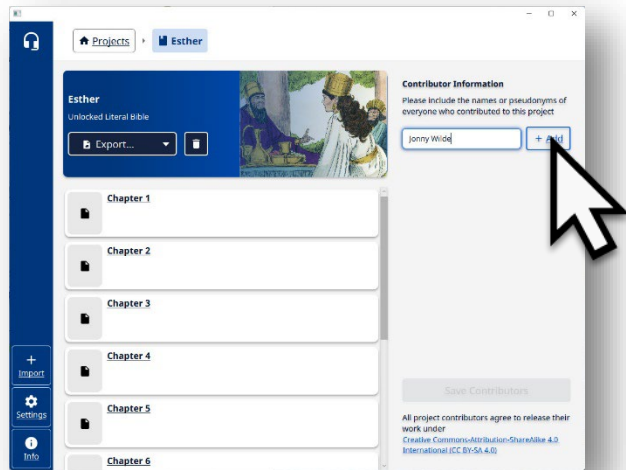

Type in the name of a person that is part of the translation team.

Choose to type in the person's name or a pseudonym (a name used to disguise the person's identity.)

# 7

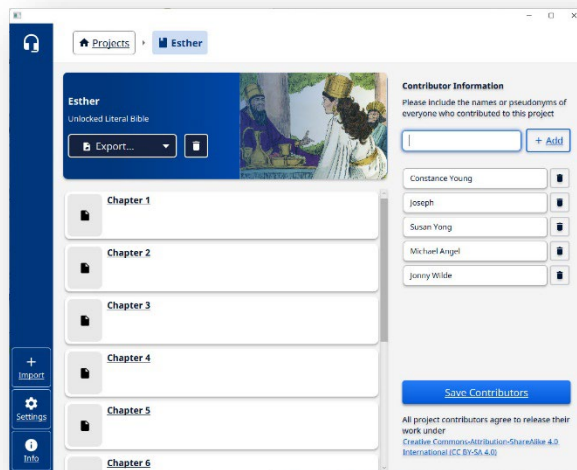

Click +Add.

# 8

Add more contributors.

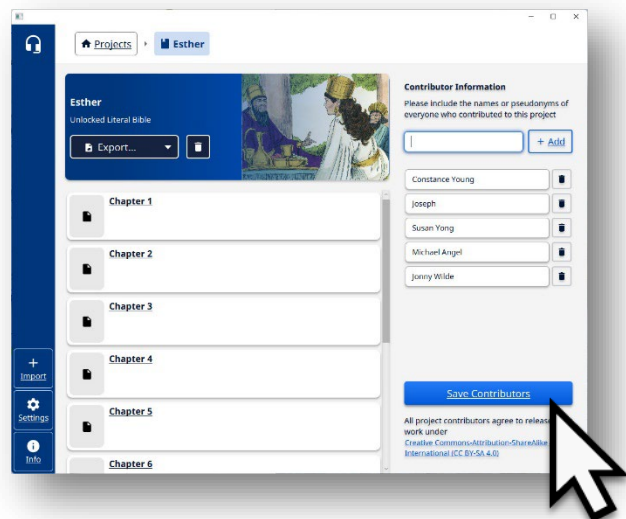

Type in names of each contributor and then click +Add.

# 9

Save the list.

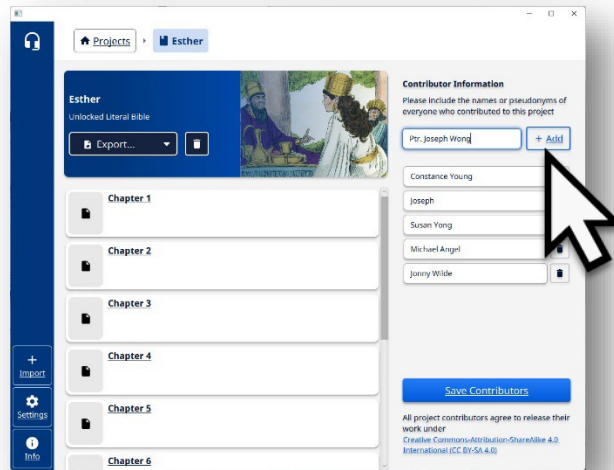

Click on the Save Contributors button.

# 10

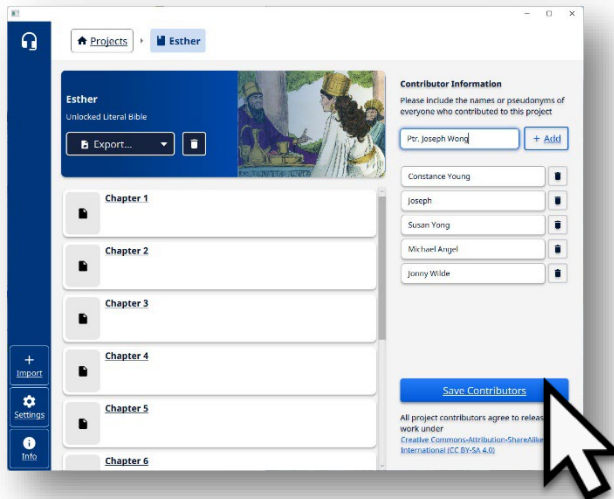

Additional contributors can be added later.

Repeat steps 5-9.

# 11

Remember to click on Add Contributors button.

The list of contributors is saved to the book project.
