

Create a Translation Pair and Project

1

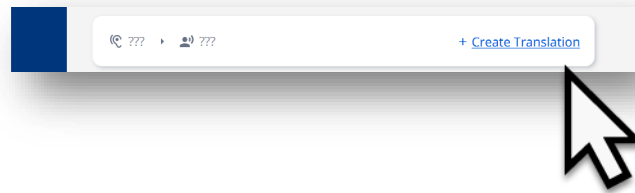

Open program.
Click on the Orature icon.

2

Create translation pair.

Click on [Create Translation](#).

3

Select source.

Click on the English bar to select the source language.

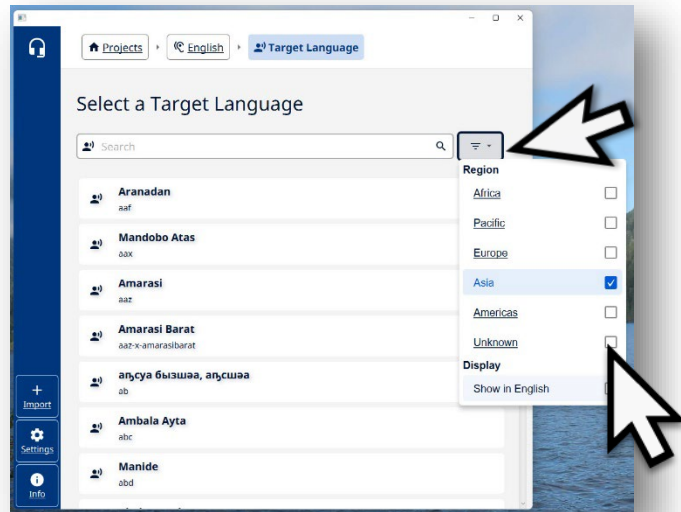

For other Source Languages, see the 'Import a Source Language' document.

4

Filter for your region.

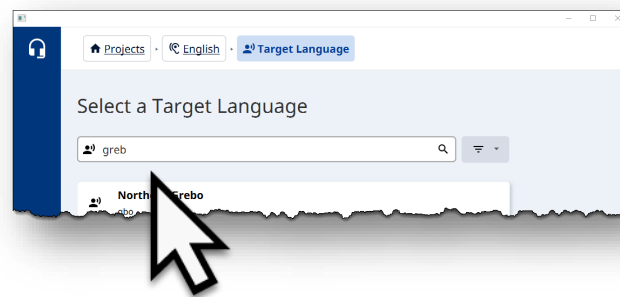

Click on the down arrow.
Click in the box to unselect all regions but yours.

5

Find target (your) language.

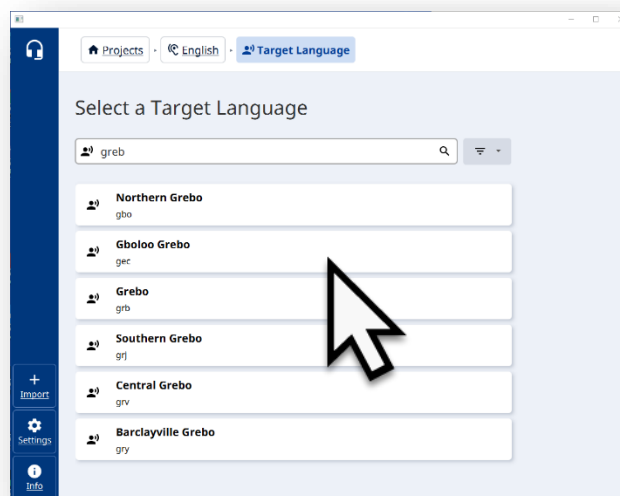

Scroll the list or type in the name of the target language.

6

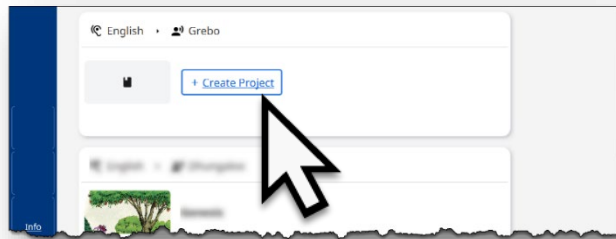

Select target (your) language.

Click on language name bar.

7

Create project.

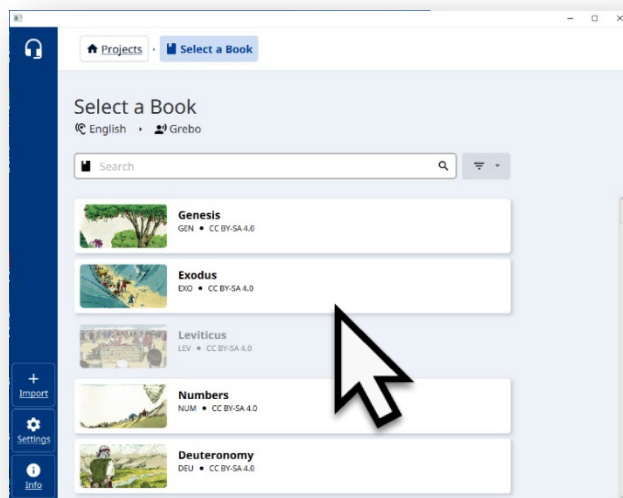

Click on [+ Create Project](#).

8

Select a book.

Click on the book name.

NOTE: The book bars that are greyed out already have projects created.

9

Project is created.
